Stockton Infrared Thermographic Services, Inc.
8472 Adams Farm Rd.
Randleman, NC. 27317-7331
(800) 248-7226

To Whom It May Concern:

The marketing department of Stockton Infrared Thermographic Services, Inc. (SITS) asked me to provide a testimonial letter concerning services provided by SITS for Southern Air, Inc.

Stockton Infrared has provided thermographic services for a number of electrical projects that include education facilities, industrial applications and data processing facilities. We have found SITS to be very responsive to our needs as a contractor, as well as our customers concerns and requirements. The quality of the reports provided by SITS and their "can-do" approach has made them our provider of choice for thermographic services.

In closing, I would recommend SITS for infrared thermographic service needs your organization might have or anticipate.

Sincerely,

Keith Bourne
Project Manager
